Someone is knocking at the door to Grace Adams's house and won't stop. Grace thinks she knows who it is, but when she looks out her bedroom window, she sees a woman she doesn't recognize walking on the trails behind her home. The woman isn't alone for long before a man emerges from the dark of the surrounding woods and stabs her, then retreats into the shadows, leaving her to die in the snow. Frantic, Grace calls the police but knows they'll never arrive in time, so she herself goes to the woman and is shocked to find she's not a stranger and that only raises more questions. Badly shocked, Grace is taken to the hospital, and Detective Macy Greeley is called back to the small town of Collier, Montana, where she worked a case once before. She needs to track down the killer and find out what the murder has to do with Grace, a troubled young woman whose harrowing past may have finally come in from the cold. But the town of Collier is just as hard-bitten now as it was years ago, and Macy will have to reopen old wounds as she investigates a murder that looks like it took eleven years to come to pass. Karin Salvalaggio's outstanding crime fiction debut, *Bone Dust White*, is an absolutely stunning work that signals the entrance of a major new talent.
