Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Guernica is no different. Dave Boling is known for being an incredibly accurate historical fiction writer, and this book is just one example of how amazing the genre can be. The entire book is set during the period of the Spanish Civil War, so if that interests you, you're going to want to continue reading and learn more about it before diving in for yourself. The book is full of great characters, interesting information, and gut wrenching action that happens right until the actual bombing occurs, which is why so many people are enthralled by the story itself.
