Are you eager to ask the questions you've been told not to ask? Are you no longer satisfied with beliefs based on faith alone? Are you bold enough even to ask, "Is God real?" Most importantly, are you willing to follow where the questions lead? What is the book about? In *Rethinking God, the Cosmos, and Other Little Things*, Gary Bond invites the reader to join him on his journey from belief to skepticism. This journey ultimately led to Bond's renouncing Christianity and his embracing a life of apostasy as a rethinker. When Bond began rethinking the foundational beliefs upon which his life was built, life could not have been more safe, secure, and comfortable. He found himself a model Baptist church member, leader of a men's ministry, Sunday school teacher, facilitator of seminars, author of a Christian book, and owner of a Christian bookstore. But nagging doubts would eventually lead Bond to end the religious charade and become honest with himself. A central question permeated Bond's rethinking: Does this make sense? This book explores questions not only about God, the Bible, and religion, but other little things as well, such as the Universe, the American government, human motivations, religion-less morality and, yes, sex. Who is this book for? If you are comfortable and happy and confident in your beliefs, then this book will probably not persuade you otherwise. However, if you have persistent doubts about your belief system, then this book can serve as a catalyst to begin your own rethinking of why you believe what you believe. Perhaps you may begin to realize that while beliefs often serve as illusion builders, disillusionment might provide a breakthrough to...
