Rudolf Steiner gained initial recognition at the end of the nineteenth century as a literary critic and published philosophical works including *The Philosophy of Freedom*. At the beginning of the twentieth century, he founded a spiritual movement, anthroposophy, with roots in German idealist philosophy and theosophy; other influences include Goethean science and Rosicrucianism. The first English version of *The Way of Initiation* first appeared in print in 1904 as two volumes. Steiner was a philosopher, social thinker, architect, and esotericist. His philosophical work, which he termed spiritual science, sought to provide a connection between the cognitive path of Western philosophy and the inner and spiritual needs of the human being. Steiner worked with educators, farmers, doctors, and other professionals to develop Waldorf education, biodynamic agriculture, anthroposophical medicine as well as new directions in numerous other practical areas. He advocated a form of ethical individualism, to which he later brought a more explicitly spiritual component. He based his epistemology on Johann Wolfgang Goethe's world view, in which Thinking . is no more and no less an organ of perception than the eye or ear. Just as the eye perceives colours and the ear sounds, so thinking perceives ideas. A consistent thread that runs from his earliest philosophical phase through his later spiritual orientation is the goal of demonstrating that there are no essential limits to human knowledge. Steiner became a well-known and controversial public figure during and after World War I. In response to the catastrophic situation in post-war Germany, he proposed extensive social reforms through the establishment of a Threefold Social Order in which the cultural, political and economic realms would be largely independent....
