SYSTEM STUDY: TECHNOLOGY ASSESSMENT AND PRIORITIZING

System Study: Technology Assessment and Prioritizing

NASA Technical Reports Server (NTRS), Eric A. Ott

BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 40 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. The objective of this NASA funded project is to assess and prioritize advanced technologies required to achieve the goals for an Intelligent Propulsion System through collaboration among GEAE, NASA, and Georgia Tech. Key GEAE deliverables are parametric response surface equations (RSEs) relating technology features to system benefits (sfc, weight, fuel burn, design range, acoustics, emission, etc...) and listings...

Reviews

It in a single of my personal favorite publication. This is for those who statte that there had not been a worth reading. I am just easily can get a enjoyment of reading a written ebook.

-- **Myrtie Pagac**

If you need to adding benefit, a must buy book. I am quite late in start reading this one, but better then never. I am just quickly could possibly get a delight of reading through a published ebook.

-- **Fae Beier**

Definitely among the best pdf I actually have ever go through. I actually have go through and i also am certain that i will going to read once more once more in the foreseeable future. I found out this publication from my i and dad recommended this pdf to understand.
