

Afghanistan and 9/11: The Anatomy of a Conflict

By Rifaat Hussain, J.N. Dixit, Julie Sirrs, Anand Giridharadas, Ajai Shukla, Rahimullah Yusufzai, and John Jennings

Roli Books, New Delhi, India, 2002. Hard Cover. Book Condition: New. Dust Jacket Condition: New. First Edition. The search through the ruins of the World Trade Center is complete. The Pentagon has been fully repaired. But has the war against terrorism been won? More Specifically, has the threat posed by Osama bin Laden's Al Qaeda organisation been contained? The most significant impact of the US military operation has, of course, been on the Taliban but will the United Front, back in power in Afghanistan, be able to reconstruct the devastated and bleak country, politically and economically? Afghanistan and 9/11 journeys through the ruins of the Twin Towers and the killing fields of Afghanistan to focus on the key question of whether the war against terror has been won? A compelling anthology authored by well-known national and international authors, the book is as informative as it is analytical. Printed Pages: 256. Size: 8.5 x 5.5 Inches.

Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).

-- Prof. Kirk Cruickshank DDS

This kind of book is every little thing and taught me to looking ahead of time and a lot more. I am quite late in start reading this one, but better then never. I found out this book from my dad and i encouraged this pdf to find out.
