Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Utah In writing this Supplement the object has been to arrange facts in the natural order, both genetically and chronologically. A teacher using this book will find geological data together and at the beginning, he will find mining camps grouped with an account of minerals and their origin. Topography and drainage, being conditioned on geological history and dynamics, follow them. The various valleys arc described as units, to lay the foundation for the grouping of the cities and towns later on. Since the life is conditioned on climate, it necessarily follows climate. Vegetable and animal life come first because they were first. Irrigation, agriculture, and stock-raising depend upon the plant life, and therefore follow it. Since the human life is conditioned on these, it comes last of all. Another object of this book is to show that it is but a primer of Utah geography. In the Search Questions are many things which cannot be answered by the pupil or teacher without original research and study. These questions are therefore to be used as topics of discussion rather than required work. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
