

A Web-Based Approach to Evaluate and Enhance Pump Performance Using Embedded Optimisation

By Karl Darbyshire

GRIN Verlag Mrz 2011, 2011. sonst. Bücher. Book Condition: Neu. 297x210x2 mm. This item is printed on demand - Print on Demand Neuware - Research Paper from the year 2011 in the subject Computer Science - Internet, New Technologies, printed single-sided, grade: -, Leeds Metropolitan University (Arts, Environment and Technology), language: English, abstract: Selection and configuration are widely met tasks in design; this is an example of a web-based selection/configuration tool with embedded optimisation. Pumps inevitably deteriorate over their product lifecycle, in which interaction generally occurs in terms of flow, pressure and electricity consumption. Practical implementations of pump scheduling suggest that a 10% of the annual expenditure on energy costs may be saved. The object is to minimise the energy cost incurred, while selecting the best schedule of legal available pumps. The results illustrate that the recording of pump characteristics over the internet provides an efficient method of pump performance and evaluation. 32 pp. Englisch.

Reviews

It is easy in read through easier to fully grasp. it had been writtern very completely and useful. I am pleased to let you know that here is the greatest book we have read during my personal life and could be he very best book for possibly.
-- *Miss Marge Jerde*

It is really an remarkable publication i actually have possibly study. It usually is not going to cost excessive. Its been written in an exceedingly basic way and is particularly only right after i finished reading this publication through which basically transformed me, affect the way i think.

-- *Dr. Breana O'Kon*
